Re: [Subject — what this letter is about]

Dear [Recipient first name],

[Open with the reason for the letter — one clear sentence. Speak like someone who has stood behind a counter: confident, commercial, Nigerian, clear.]

[Paragraph two — what you're asking for, offering, or confirming. Use Activity, never Transaction. Keep it short and useful.]

[Paragraph three — next step, timing, or how the reader should reply.]

Your *brand. Your *points. Your *customers.

Yours sincerely,
